Re: The Deportation of Vice Chancellor & President of USP, Professor Pal Ahluwalia

The USP Human Rights Alumni Association (USP-HRAA) was formed in 2019 to contribute in advocating for Human Rights, Democracy, Good Governance and ethical Leadership in the Pacific Island through its alumni

The USP Human Rights Alumni is appalled at the cowardly act by the Fiji government in the detainment of USP Vice Chancellor & President, Professor Pal Alluwaillah and his wife from their residence in the cover of darkness. This appalling act is another example of the government's failure to follow due process and is a deliberate abuse of human rights.

The association calls on all leaders in the Pacific region to unite in the fight against this unilateral interference in USPs affairs and undermining of VCP authority by Fiji government, under the guise of an obscure 'public risk' clause.
