

**Mr. Karlidon Sam**  
Assistant Secretary  
General  
TAFEA Provincial  
Government Council  
Vanuatu

**What were your expectations from the MBA programme offered by the Graduate School of Business (GSB)?**

My expectations from the MBA programme at the Graduate School of Business (GSB) encompassed both professional and personal goals. Professionally, I sought to strengthen my capabilities in leadership, strategic management, and public policy implementation, with a particular focus on financial decision-making. I aimed to acquire practical tools to effectively manage complex projects and make informed decisions. On a personal level, I looked forward to intellectual growth and the opportunity to apply global insights within a local, especially Pacific, context. I also anticipated building a robust professional network with peers and experts from across the region.

**How has the MBA programme at USP helped you achieve your career goals?**

The MBA programme at USP has significantly enhanced my leadership and strategic planning abilities. It provided me with practical tools in project and financial management, directly aligning with my responsibilities in public service. This alignment has boosted my confidence in developing effective strategies and managing teams. Overall, the programme has better positioned me to take on more advanced leadership roles in my career.

**What personal changes or growth have you experienced through this programme?**

The MBA programme has greatly strengthened my critical thinking and problem-solving skills, while also boosting my confidence in decision-making. I have developed strong time management abilities and learned to balance multiple responsibilities effectively. Additionally, the programme enhanced my capacity to collaborate within diverse teams. Overall, it has shaped me into a more self-aware, disciplined, and goal-oriented professional.

**How would you assess the quality of the lecturers and the facilities available at USP?**

The lecturers at USP are highly knowledgeable, experienced, and committed to supporting student learning. They bring valuable real-world insights that enhance the academic experience. The courses are delivered in an engaging manner, with a strong focus on practical application. Learning facilities, including libraries and online platforms, are well-equipped and easily accessible. Overall, the quality of both the faculty and the resources has played a significant role in supporting my academic journey.

**Would you recommend this programme to others, and why?**

Yes, I would highly recommend this programme to others. It equips students with practical skills and knowledge that are directly applicable to real-world challenges. The MBA fosters strong leadership, strategic thinking, and sound decision-making abilities. Additionally, it offers excellent networking opportunities across the Pacific region. Overall, it is a transformative experience that supports both professional development and personal growth.

## MBA AT USP

Many industries are now finding growth opportunities for their businesses in order to gain a strategic advantage over competing global organisations. Companies are now in need of exceptional leaders and business professionals who will be able to spearhead the organisation towards success. Organisations need leaders who are able to adapt to emerging trends, offer competitive solutions and breathe innovation. The GSB MBA programme is ranked 5th and is therefore amongst the top 10 business schools out of the zoo within the Oceania region that the ED-universal surveyed in its annual conference in 2021. In order to prepare such leaders and business professionals, The Graduate School of Business (GSB) has created an MBA programme designed to meet the needs of Individuals seeking growth for themselves and their organisations. This programme offers broad-based learning experiences that will take your leadership skills and career to the next level.

## AMBA ACCREDITATION

The Graduate School of Business's MBA Programme is accredited by the Association of MBA's. AMBA is the only international professional body connecting MBA students, graduates, hundreds of accredited business schools and MBA employers in over 110 countries. The AMBA accreditation represents the highest standard of achievement in postgraduate business education and is earned only by the best programmes in the world after a four-stage accreditation process. It is also a commitment to developing standards in global postgraduate management education. The accreditation has provided GSB with International Credibility which means that our programme is recognised all over the world.

## A DYNAMIC CURRICULUM

The curriculum at GSB helps sharpen individuals' critical business skills and aims to expand their vision so they can create value in their organisations and achieve new levels of performance. The Programme offered by the Graduate School of Business operates on the basis of three trimesters per year. The schedule of the programme is specifically designed to meet the needs of working individuals and business professionals. Students can staircase into the MBA Programme through the Post Graduate Certificates and Post Graduate Diplomas offered by the GSB. The Master of Business Administration consists of twelve courses; comprised of eleven core courses and one elective.

## ALUMNI NETWORK

The Graduate School of Business has a strong Alumni Network. The school has managed to groom business executives into leaders who can play a vital role in the success of an organisation by providing them with cross-functional skills and strategic vision to master the multifaceted challenges imposed by the demand of the global economy. With this network in place, prospective students will get to meet and learn from industry leaders and successful business professionals. Being part of such a network will the students the motivation they require to accept challenges and explore their own potential.

## WORLD - CLASS FACULTY

The Faculty at the Graduate School of Business are recognised thought leaders, skilled educators and groundbreaking researchers. As a team, our faculty always aims to leverage their expertise and field-based research to create new knowledge and thought-provoking concepts that apply to

the global practices of business management. This academically sound teaching team exposes you to new perspectives and challenges your thinking. Our lecturers have been educated at world-famous universities in Australia, India, Europe and the USA. They have performed consulting assignments for some of the world's best-known companies and international institutions. To date, the faculties have come from Australia, Canada, the UK, the USA, Germany, India, and Fiji. Visiting professors from major business schools worldwide further enrich the experience of students who pursue their MBA degree at USP.
