An email or an SMS message has been sent to you containing your sign on credentials.

You need to login with the credentials sent to the email address provided during registration.

USP Guest Sponsor Portal

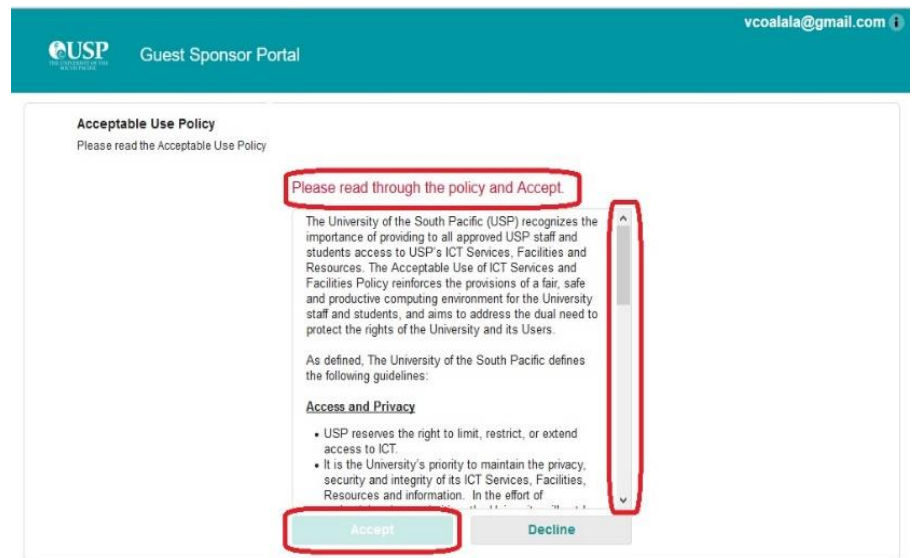

Welcome
Sign on for guest access.

Username:

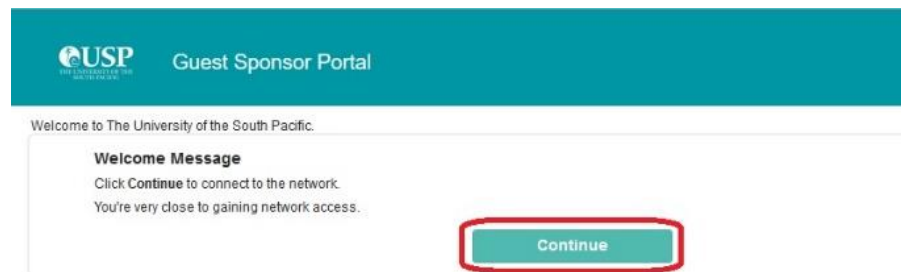

Password:

When your login is successful, you will have to scroll down and read the Policy to the end.

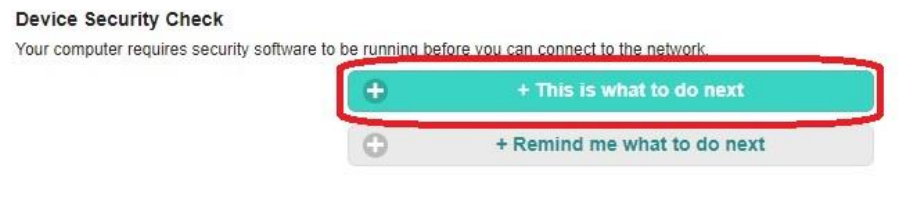

Once you get to the end, you will be able to continue.

Click on “CONTINUE” to get to the next stage, which is security checks.

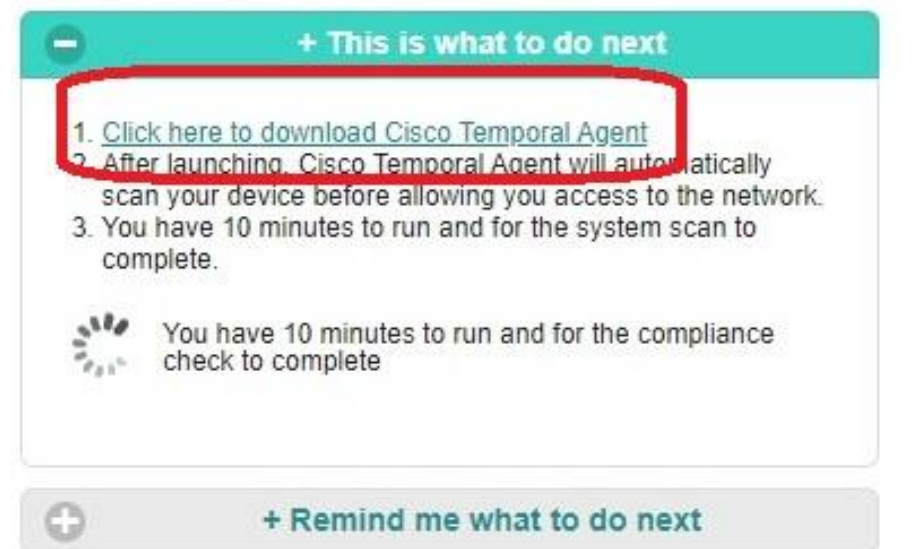

Select the option;
“This is what to do next”

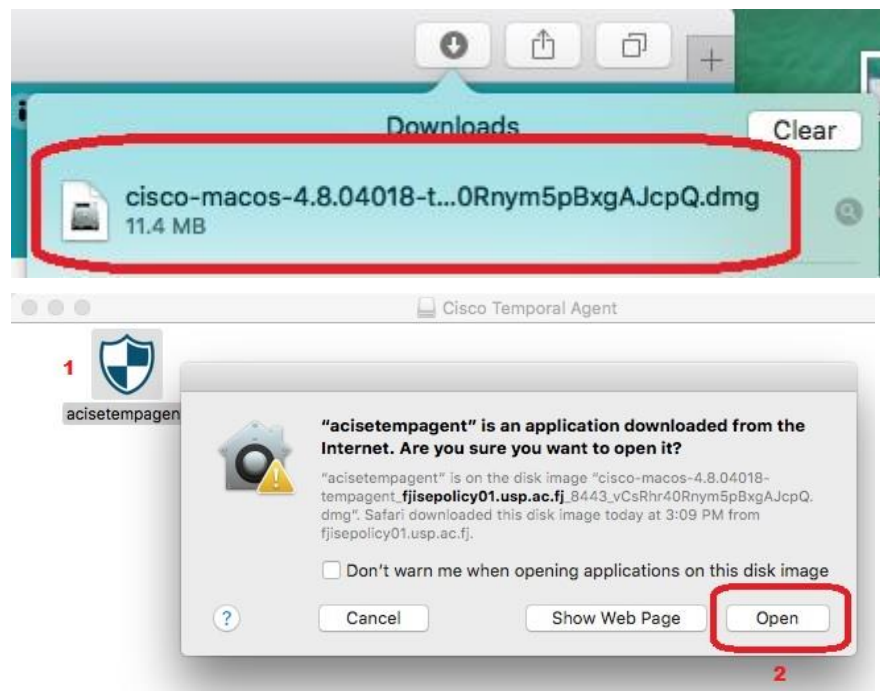

When you get to this dialogue:

- Click on number 1 to download the **Cisco Temporal Agent**

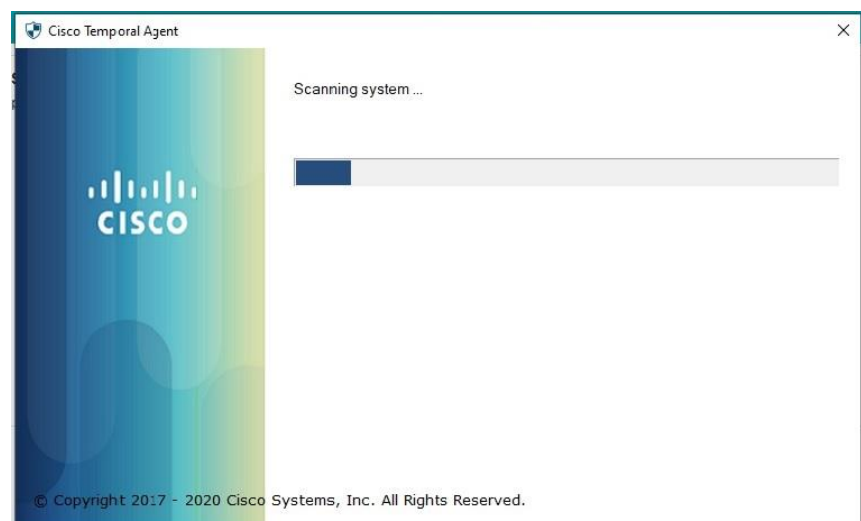

When the download is complete;

1. Click on the downloaded file to **run**.
2. Double-click on the file and then click **“Open”** to continue the installation of the Temporal Agent

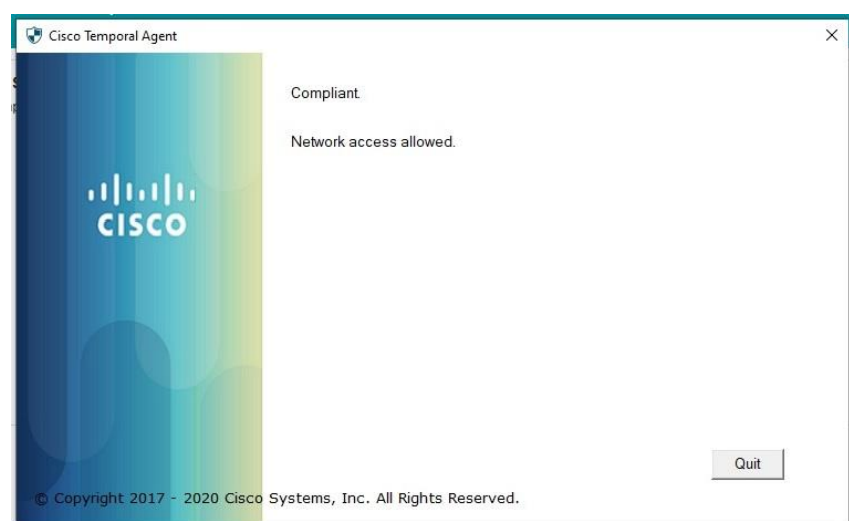

Once the installation has completed, **Security Scan** will commence to;

- Scan for AV software and updates
- Scan for OS types

Once the device is Compliant. You will now have access to the network

Success

You now have Internet access through this network.

Your device has now completed and passed the compliance check. You should be able to connect to The University of the South Pacific Guest WiFi services.
