FORMAT AND STYLE FOR THE PRESENTATION OF THESES AT THE UNIVERSITY OF THE SOUTH PACIFIC: GUIDELINES

This document details the guidelines on the format and style for the **final copy** of theses submitted at the University of the South Pacific.

Candidates are required to follow these guidelines as closely as possible, but they should also speak to their supervisor(s) about requirements by their respective divisions/schools/faculties.

The order of items in the thesis proper is also set out from point 4 onwards below. The items from point 4 onwards must also be included in the electronic copy.

1. General

The thesis shall be produced using a word processor and a high quality laser printer. Print shall be letter quality-dark, crisp, clear, and straight on the pages.

Candidates should consult their Faculty on the length of the thesis. As a general guide, the *USP Calendar* gives the maximum word limits (including notes and bibliography) as 50,000 words for a Masters and 100,000 words for a PhD thesis. (Each division/school/faculty will have its own guidelines)

Paper Quality

The thesis shall be printed on high-quality acid free watermarked bond white A4 paper on one side only.

Margins

Top, Bottom and Right margins shall be 25 mm, and Left margins shall be 40 mm.

Both Left and Right margins shall be justified.

Font

The Font in the text shall be Times New Roman Point 12. Divisions/Schools/Faculties may allow other fonts for specific purposes (e.g. linguistic data)

Smaller, Sans serif or narrow/condensed fonts may be used in tables, captions, footnotes, etc.

Line Spacing

The line spacing shall be 1.5.

Photographs

Photographs must be original prints of professional quality, preferably in black and white, or laser copies of original prints (as long as the quality of the original prints is maintained).

Pagination

Preliminary pages (all the pages before page 1 of Chapter 1) shall be numbered using lower case roman numerals (e.g. iv, v, vi, etc.). The Title page, Copyright page and Declaration page are not numbered.

Continuous arabic numbers shall be used from page 1 through to the last page, including appendices.

Page numbers shall be placed 19 mm from the bottom edge of the paper centred between the margins.

2. Binding

The bindery at the USP Library is the official binder. All copies delivered to the Library for binding must be clean, unpunched and unbound. Candidates are responsible for ensuring that all pages are present and in order within each copy.

The final copies of the thesis must be hard-bound, that is, sewn and bound in boards that are covered with binding fabric. The binding fabric must be rexine or buckram.

The colour shall be the faculty colour.

A typical hard bound volume has a maximum thickness of 64 mm (or 580 pages). Theses of exceptional thickness may have to be split into two or more volumes.

3. Lettering on the Cover and Spine

The following lettering is recommended for the front cover:

- The full title of the thesis: Rutland brass Font 18 Upper Case.
- The candidate's full name: Rutland brass Font 18 Upper Case.

Sample of Cover:

**THE REIMANN HYPOTHESIS:
A PROOF AND VERIFICATION**

JOELI NEMANI KOROI

The following lettering is recommended for the spine:

- Title proper only (i.e. no subtitle): Rutland brass Font 18 Upper Case. A smaller Font may be used depending on the thickness of the thesis.
- Candidate's initials and surname: As above
- Abbreviated title of the degree: As above
- Year of submission: As above

Sample of Spine:

THE REIMANN HYPOTHESIS	J.N. KOROI	PHD	2009
